We are committed to making all reasonable efforts to ensure that there is no modern slavery or human trafficking in our supply chains or in any part of our business. Our Anti-Slavery and Human

Trafficking Policy reflects our commitment to acting ethically and with integrity in all our business relationships.

Due Diligence Processes for Slavery and Human Trafficking

As part of our initiative to identify and mitigate risk we monitor potential risk in our supply chains and protect whistle blowers.

Supplier Adherence to our Values

We have zero tolerance to slavery and human trafficking. To ensure all those in our supply chain and contractors comply with our values we have included a prohibition on modern slavery and human trafficking clause in our standard terms and conditions. Our legal and procurement teams are committed to ceasing business with any suppliers or contractors found to be involved in modern slavery or human trafficking either directly or in their supply chain.

Training

To ensure a high level of understanding of the risks of modern slavery and human trafficking in our supply chains and our business, we provide training to our staff.
